SUPERINTENDENT'S REPORT

Jefferson, New Hampshire
February 1, 1947.

To the School Board and Citizens of Jefferson:

Following is presented my thirteenth annual report with school statistics for the year.

During the year ending June, 1946, the four elementary schools were maintained at the Hill

with pupils transported from the outside districts, as had been done during the previous year. All High School pupils were in attendance at Lancaster Academy.

The school year was 36 weeks in length with schools actually in session for 176 days. The percent of attendance for the year was 94 per cent.

During the year, your Superintendent made to all schools 98 visits of inspection and instruction. An effort has been made to carefully check the work of each individual pupil and see to it that the work for each grade is being accomplished.

The present school year opened in September with only one change in teaching staff.

Miss Marvel Proctor, having resigned to accept a position at Whitefield, the position thus left vacant was filled by the election of Mr. LeGrand B. Thompson, a teacher of many years' experience. Mr. Thompson is also acting as Principal of the building.

Mrs. Gladys Fancy of Gorham is our School Nurse.

As mentioned in the report of last year, a large number of the pupils are obliged to remain at the school house during the noon hour, and it is hoped that a definite plan for a hot noon lunch for these pupils may be arranged. Steps have already been taken looking toward this and, in at least one school, a warm soup has been supplied for those pupils who wish it.

The budget for 1947-48 has been prepared and may be found in another part of the report.
